What is Participantlogic Lite?

Participantlogic Lite is a user friendly 'lite' version of Shocklogic's Participantlogic on-line registration management solution. The system encompasses the registration, workshop, session and social event booking elements of the popular Participantlogic system, to provide a low cost solution for any small to medium sized event, workshop or user group organiser.

Participantlogic will minimise your team's administration effort, reduce human error and enable the management of multiple on-line registration projects. Upgrades are also available to synchronise with Shocklogic's Participantlogic Office system for on-site data management and badge printing.

Why Participantlogic Lite?

- ✓ 20 FREE registrations
- ✓ No setup costs
- ✓ No ongoing commitment or annual fees
- ✓ Gather registration fees, workshops and session bookings
- ✓ Ticket booking for pre and post event tours and all social events
- ✓ Choose Shocklogic's integrated payment gateway or your own account
- ✓ Comprehensive administration and email tool
- ✓ Upgrade seamlessly to the full Participantlogic Web system.
